Namibian Explorer Safari 10 days

This safari has a guaranteed departure every Saturday of the year, with a minimum of 2 people. There is no single supplement, and the price is virtually fully inclusive of everything you will need whilst travelling with us. The style is limited participation, assisted camping and there are two accommodated nights included on the itinerary. Collection time is between 08:00 & 08:30 from anywhere within the Windhoek city limits.

Day one

Windhoek - Okonjima (300 km) (LD) (camping)

You will be collected between 08:00 & 08:30.

We will travel north, stopping at small towns along the way including Okahandja, where we have time to visit Namibia's largest wood carving market. The market is operated on a local co-operative basis and is one of the best places to shop for truly Namibian souvenirs.

Continuing north, passing through farmland, we aim to arrive at Okonjima during the middle afternoon, giving us time to set up our camp and to relax in the shade for a while before heading out on to the property to take part in the afternoon's activities.

Okonjima is the home of the Africat Foundation, a specialist conservation concern that centres its operations around the African Big Cats, particularly cheetah. This afternoon you will be taken on a tour during which you will be able to meet, close-up-and-personal, some of the cheetah that are going through the Africat rehabilitation programme.

Most of the animals currently living at Okonjima have been rescued from various desperate situations, being orphaned or caught in a trap, and the aim of rehabilitation process is to attempt to re-introduce them into the wild.

After our educational tour we will return to camp and prepare for dinner under the African stars.

Day two

Okonjima - Namutoni / East Etosha region (300 km) (BLD) (camping)

An early start and continuing north we pass through some small towns, making short stops for fresh supplies and fuel.

Continuing on to our East Etosha, Namutoni region camp we again aim to arrive in time for lunch, giving us time to relax before heading into the park during the cool of the late afternoon for our first game drive.

Day three

East Etosha region - Okaukuejo, Etosha National Park (BLD) (camping)

A full day's game driving. We again leave early to enjoy the cool morning air as we game drive our way through Etosha to Halali camp, situated in the middle of the park. Along the way we visit several waterholes and are afforded splendid views of the massive Etosha Pan. The game viewing is usually excellent and we have the chance to tick off a few new species that are not normally seen on the Namutoni side of the park.

We stop at Halali for a rest and a leisurely lunch. There is time to visit the Halali waterhole and to make use of the swimming pool and bar facilities before continuing on our way and game driving down to Okaukuejo.

Okaukuejo is famous for its waterhole, which has been described as one of the "best game viewing opportunities in Southern Africa". Situated on the doorstep of our accommodation, black rhino, elephant, lion and numerous species of antelope are usually seen.

Day four

Okaukuejo - Oase Himba Village, Kamanjab (300km) (BLD) (camping)

Leaving Etosha we begin our journey south with a relatively short drive to the small town of Kamanjab where we will make a short stop here before continuing on to find the Himba Tribesmen.

This is the only traditionally functioning Himba community outside the far north Kaokoland region of Namibia. These tribes-people have migrated here, lifestyle and customs intact, and are following their traditional way-of-life in their village on a farm. Oase Village is located about 15 to 20 km outside Kamanjab, the exact location of the site varies as the Himba occasionally roam to a new location.

During the afternoon we will be invited into Oase Village and will meet with the locals. We will have a specialist guide for the time we are there, who will be able to translate for us and will introduce us to this "alternative lifestyle". We will learn about marriage customs, traditional food and the mysteries of the local religion, "Holy Fire".

We will make our camp about 150 meters from the village "Kraal" to ensure both our and our hosts privacy

Day five

Oase Village - Brandberg Mountain (400km) (BLD) (camping)

Today we head into one of the most beautiful desert regions in Namibia, Damaraland. We drive south to the capital of this region, the small town of Khorixas, and then take a detour to the west to visit the ancient Bushman rock engravings at Twyfelfontien. At this location we will have a local guide to conduct us on a short guided tour.

From here we head deeper into the desert to Namibia's highest mountain, The Brandberg, (2573 m). Brandberg Mountain is an ancient Bushman spiritual site and tonight we will sleep in a community campsite under the shadow of this giant granite monolith.

Day six

Brandberg Mountain - Swakopmund, Skeleton Coast (200 km) (BL) (chalet)

Starting early to enjoy the cool of the morning we will hike, "into" the mountain with our guide to see the world famous "White Lady" rock painting. Attributed to the Bushman artists, the white lady panel is believed by some to be in excess of 20 000 years old.

Back on the road and more beautiful Damaraland scenery this morning, we make our first stop in the small town of Uis, an old mining town, and one of the best places to buy semi-precious stones, for which Namibia is famous. Here, rough Amethyst, Tourmaline etc can be found at bargain prices.

From here we turn directly west and cross the "gravel plains" on our way to the Atlantic Ocean and the Skeleton Coast. Meeting the ocean at Henties Bay, we first head north along the coast to visit the seal colony at Cape Cross. Here at certain times of the year there can be as many as 100,000 Cape Fur seals in attendance. The next destination is Swakopmund, following the Skeleton Coast into Namibia's premier seaside town.

The Swakopmund section of the trip is designed to allow people to relax either with the group, or on their own. Only breakfast is provided, this is to allow you to plan your time here with as much flexibility as possible and not to be tied to group meal times. It also gives you the chance to sample some of the excellent local cafes and restaurants. The seafood in Swakopmund is superb. Your guide will offer to organise a group meal in a local restaurant for this evening. Participation is recommended but by no means required.

Dinner this evening is not included in the price of the safari and will be for the client's own account

Day seven

Swakopmund (B) (chalet)

Today is a free day. The idea is to allow time for everybody to do their own thing. Swakopmund is a very pleasant seaside town with lots of shops, a good stretch of beach (although the Atlantic here is quite cold) and an open-air curio market. There is also a very good museum and the Namibian National Marine Aquarium is located in Swakopmund.

Alternatively, there are various optional activities that can be arranged. These include aeroplane and microlight flights over the desert, scenic drives, fishing trips (both from the beach or in a boat), four-wheel motorcycle (quad bike) trips into the desert and over the sand dunes around Swakopmund, sand boarding trips (also in the dunes), skydiving, surfing, bird-watching and many other activities are available.

Your tour guide will discuss all the possible options with you before you reach Swakopmund and will offer to make bookings in advance of your arrival. (N.B. All extra activities and excursions in Swakopmund are subject to availability and are made at the clients' own risk and expense).

Dinner this evening is not included in the price of the safari and will be for the client's own account

Day eight

Swakopmund - Namib Desert Camp, outside of the Namib Naukluft Park (300 km) (BLD) (camping)

We first make a stop at Walvis Bay, situated about 40 km south of Swakopmund. South of the town there is a large marine lagoon which is home to a vast array of marine bird-life, in particular flamingos.

We will make a short visit to the lagoon to see the birds and a short visit to Walvis Bay to collect any last minute supplies before once again heading out into the desert.

The second part of our journey today takes us across more of the seemingly endless Namib gravel plains. Then the landscape suddenly changes and we are into the mountain desert.

We traverse both the Kuiseb and Gaub passes, driving both times to the river beds at the bottom of the canyons and then climbing the long steep road to the top and the spectacular panoramas the mountains give us. Again the scenery changes as we make our way down to the dune fields.

We cross some open grass savannah and farmlands before the terrain begins to give way to the immense red sand dune desert of the Namib and from here it is only a short distance to our next stop, the tiny town of Solitaire. We will stop here for some refreshments before continuing on through stunning desert scenery.

We aim to arrive at our camp during the late afternoon and watch the colours glow and change on distant mountains to the east.

Day nine

Namib Desert Camp - Sossusvlei - Namib Desert Camp, outside of the Namib Naukluft Park (camping) (BLD)

A pre dawn start is essential this morning as we want to catch the soft light of the sunrise on the desert. After passing through Sesriem, the gateway to the dunes and driving into the heart of the dune field, we reach Sossusvlei itself by walking the last 5 km through the dunes.

The walk is like nothing else, in the cool of the morning, with soft sunlight just beginning to play over the dunes creating a sharp light and shadow contrast across the whole desert.

Ancient mineral pans, stunted camel thorn trees and the chance of seeing a gemsbok or maybe an ostrich make the photo opportunities perfect.

We spend the morning in and around Sossusvlei, also visiting dune 45, and as the day wears on we return to Sesriem for lunch to escape the heat of the afternoon. As the day cools off in the late afternoon we will take a short excursion to the Sesriem Canyon.

Day ten

Namib Desert Camp - Windhoek (450 km) (BL)

After breakfast we begin our journey, over the mountains and along scenic roads, back to Windhoek. We will travel over the Naukluft Mountains and also the Khomas Hochland range, through beautiful Remhoogte Pass on our way back to civilization.

We are due back into the city around 15:00 and you will be dropped off at your accommodation on our return.

Important info

It is strongly recommended that you purchase comprehensive personal travel insurance before you embark on your safari. Travel insurance is for your own protection and we consider it to be an essential part of modern international travel.
