Day Tours - 2009

Day trips (Please note that these tours are conducted with a minimum of two people, otherwise there is a 50% surcharge for single persons)

City and Township tour (09H00 – 12H00) or (14H00 – 17H00)

Katutura meaning “a place where we do not want to live” in Otjiherero, was declared a township for local indigenous people in 1959 during apartheid era. Before that the local indigenous people used to live in a location which today we call Hochland Park. The decision to dislocate the people to Katutura was greatly opposed for practical and logical reasons, but the decision was made and the people had to move. Find out the history and background of this lively township which people today call “a place where we want to live” This tour is very informative and educational. You will visit places of interest such as the Lover’s Hill, Parliament Gardens; Kristus-Kirche; Old location cemetery; Katutura open market; Informal settlement , Penduka Women project.

(N\$250.00 PP excluding alcohol drinks)

(Okapuka) Game Drive and Lion Feeding (14H30 – 19H00)

On this excursion you will view wild life like Giraffes, Rhinos, crocodiles etc as well as Witnessing of Lions feeding.

(N\$500.00 PP)

A Day with the Bushman (09H00 - 15H00)

A superb opportunity to enter the world of the Bushman people. This day adventure set up to support the Bushman communities in showcasing their unique cultures and traditions. Enjoy a walk with trackers and learn about the traditional ways of hunting and collecting of veldt food, the value of medicine e.g. contraceptives and antiseptic obtained from the trees.

(N\$850.00) Light lunch included

Full day Wildlife Culture tour (09H00 – 19H00)

This tour is a combination of the City & township, a game drive and Lion feeding tour.

(N\$850.00) Lunch included

Caving (07H00 – 15H00)

Arnhem Cave is 4,5km in length - the longest in Namibia. It was officially declared a tourism attraction by the Namibian Ministry of Environment and Tourism in 1995

Six species of bats have been scientifically identified at Arnhem, including the *Giant Leaf-nosed bat* with a wingspan of more than 60 cm and weighing up to 150g. This is the largest insect eating bat in the world. Arnhem Cave is situated only 85km from the Hosea Kutako International Airport near Windhoek, a guided tour through the cave will probably leave you with your most memorable experience of caving.

N\$700.00 PP including light lunch

SAFARIS

2 Days Bushman/San Grassroots Adventure (*This tour departs with a minimum of two people*)

A superb opportunity to enter the world of the San people. This overnight adventure set in the heart of the Kalahari desert close to the Botswana border offers a fascinating and authentic insight into the life of the San. Enjoy a walk with a tracker and learn about the traditional ways of hunting and collecting of veldt food. Visit a village and watch them go about their day to day lives and enjoy the singing and dancing by firelight in the evening. **Price per person:**

N\$2000.00
